

EVERY DISPLAY CAN BE DIGITAL SIGNAGE

plug-and-play digital signage system

Displayplayer

Plug-and-play installation to the back of any LCD display.

Remote content scheduling software

- Individual or same content to each display
- Grouping of displays
- Different user and admin rights to each display or display groups
- Scheduling with priorities
- Supports standard content like Powerpoint, video, Flash, www-pages
- Easy and effective calendar based scheduling

The screenshot shows a software interface for scheduling digital signage content. On the left, there is a calendar for March 2008. The main area is a grid for scheduling content. A 'Booking' dialog box is open, showing fields for 'Header', 'Beginning Date', 'End Date', 'Start', 'Duration', and 'Priority'. Below the dialog, there is a list of files: 'digitalretailing.ppt', 'Butterfly.wmv', 'asphaltavengers.swf', and 'sony_full_color.fl..'. A blue arrow points from the text 'Supports standard content like Powerpoint, video, Flash, www-pages' to the file list.
